EDUCATION

2023 — Ongoing
ICT Engineering
Software engineering & project management
TUAS (Turku UAS)

2019 — 2022
Information and Communications Technology
Specialized in software development
TAI Juhannuskukkula

2022 — 2023
Ship's cook
Restaurant & catering basics
Raseko / Finnish Navy

EXPERTISE

- Full-stack development
- JavaScript / TypeScript
- Project management
- SQL & databases
- WordPress
- Software design
- Interactive mockups (Figma)
- Linux / Raspberry Pi

LANGUAGES

- Finnish — native
- English — fluent

Sami-Severi Sjöberg

Full Stack Engineer & ICT Engineering Student

ICT Engineering student at Turku University of Applied Sciences, specializing in software engineering and project management. Nearly seven years across software, hardware, and game production — including a full-stack internship building a Raspberry Pi digital signage platform, hackathons, game jams, and client web work.

Experience

05/2025 — 08/2026
Full Stack Engineer Intern
Bittera Oy

- Built a web platform for centralized digital signage management on Raspberry Pi devices.
- Implemented remote media uploads, playlist scheduling, device monitoring, and maintenance features.
- Collaborated on full-stack architecture; thesis continues on localized software.

06/2024 — 08/2024
Creative Director
StuDisco / Studisco Oy

- Directed creative vision across game and media production projects.
- Coordinated design workflows, production schedules, and team collaboration.

2022 — 2024
Game Production Lead & Lead Designer
Studisco Games

- Oversaw game production direction, design planning, team scheduling, and project meetings.

2022 — 2023
Ship's Cook
Finnish Navy & Viking Line

- Earned ship's cook certification in the navy; continued aboard a Viking Line vessel.
- Recognized as Best Ship's Cook of the 2/22 intake.

Summers 2019 — 2021
Computer Technician
Jimm's PC-Store Oy

- Assembled custom PCs, updated BIOS firmware, and performed QA — over 1,000 builds.

Certifications

- **Student mentor**
  Peer tutor trained in peer mentoring, media literacy, and substance abuse awareness.
- **EA1 / First Aid**
  First aid training completed during military service (Finnish Red Cross).
- **Food Hygiene Certificate**
  Completed during ship's cook training (Finnish Food Authority).
- **Security Awareness (GSPA)**
  GIAC Security Policy and Awareness training focused on security risks and protocols (Traficom).

Hobbies

Sabre fencing, gaming, hardware & tech projects, cooking, nature, and voluntary work.
